

Complaint about childcare provision

Ref: 2759641/6302233

Date: 17 February 2026

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 28 January 2026, we received concerns that the provider was not meeting requirements relating to concerns about children's safety and welfare, information and record keeping. On 6 February 2026, the provider notified us about matters relating to the same requirements.

On 17 February 2026, we carried out regulatory call. We found the provider was not meeting some of the requirements and had taken action to put this right. They have reviewed their procedures for recording all accidents, at the premises and how information is shared with parents.

The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

Publication of complaints

We publish details of complaints made against childminders, home childcarers and childcare providers where we or the provider have taken action in order to meet legal requirements.

We publish details of complaints on our website for a period of five years.
