

Compliance action taken for childcare provision

Ref: 300849/5777079

Date: 9 December 2024

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2.

If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 3 September 2024, we carried out an inspection and found the provider was not meeting some of these requirements. The overall effectiveness of the provision was judged to be inadequate. The inspection report sets out the actions the provider was required to take to meet the requirements.

On 25 October 2024, we carried out a regulatory visit. The focus of the visit was to check whether the provider had met the safeguarding and welfare actions, raised at their last inspection. We found that the provider had improved their knowledge and understanding of child protection procedures. They have provided Ofsted with details of all committee members, so that we can complete the necessary suitability checks. All staff have undertaken further safeguarding training and understand how to identify and respond to concerns about a child's welfare. The provider has implemented a system to ensure accurate and sufficiently detailed information and records are maintained. Staff have regular supervisions and receive the support, coaching and training that they need to drive improvements. They provide children with daily opportunities to play outdoors and serve healthy and nutritious snacks. We are satisfied the provider has met the safeguarding and welfare actions raised. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
