

Complaint about childcare provision

Ref: 500930/6204313

Date: 12 November 2025

Summary of outcome

All early years providers must meet the legal requirements in the 'Statutory framework for the early years foundation stage', which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 5 November 2025, the provider notified us about safeguarding policies and procedures, staff: child ratios, safety and suitability of premises, environment and equipment and information and record keeping. The notification means that the provider met their legal responsibility as set out in the 'Statutory framework for the early years foundation stage' to notify Ofsted of significant events.

On 6 November 2025, we carried out a regulatory telephone call. On 10 November 2025, we carried out a regulatory visit. We found the provider was not meeting some of the requirements and had taken action to put this right. The provider has revised their systems for conducting risk assessments. In addition, risk assessment now takes into account the diverse needs of the children as well as other extenuating factors. This helps to keep children safe.

The provider will be able to give parents further information about this. The provider is still registered with Ofsted.
