

Compliance action taken for childcare provision

Ref: EY101776/5776080

Date: 30 August 2024

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 6 August 2024, the provider notified us that a child was left unsupervised during transition from the playroom to the garden for approximately two minutes and was out of sight and hearing of staff. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of any significant event which is likely to affect the suitability of the early years provider to look after children.

On 28 August 2024, we carried out a regulatory telephone call. We found the provider was not meeting some of the requirements and had taken immediate action to put this right. The provider has conducted a full investigation into the incident and taken disciplinary action. All staff have attended meetings to ensure that they understand their responsibility to ensure that children are within sight or sound and adequately supervised. The provider has reviewed their transition policy and as a result they have made changes to include a written headcount document which is closely monitored by the management team. This further helps to ensure children are accounted for when moving around the setting including outside.

The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
