

Compliance action taken for childcare provision

Ref: EY136972/5440014

Date: 10 August 2023

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 9 May 2023, we received concerns that the provider was not meeting some of these requirements.

On 19 May 2023, we carried out a regulatory visit. We found the provider was not meeting some of the requirements. We served a welfare requirements notice. This is a legal notice that requires the provider to take the actions below within the timescales set out. The provider will be able to give parents further information about this.

Actions needed by 09 June 2023:

- put effective systems in place to ensure all individuals who live on the premises are suitable and to check their ongoing suitability
- provide Ofsted with relevant information about all individuals living on the premises so necessary suitability checks can be made
- take all reasonable steps to ensure children are not exposed to risks within the environment and take into account changes to the living arrangements on the premises
- improve knowledge of the things you need to tell Ofsted about and the timescales for doing so.

On 13 June 2023, we carried out a monitoring visit to ensure the actions were successfully

completed.

We found that the provider had taken action to ensure the individuals living on the premises are suitable. Ofsted have been provided with the relevant information and suitability checks are underway. In addition, the provider produced updated risk assessments and explained how risks to children are minimised in her care.

We are satisfied the provider has met the safeguarding and welfare actions raised. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
