

Compliance action taken for childcare provision

Ref: EY218463/5858989

Date: 28 November 2024

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a childminder is not meeting the requirements, we can take action to ensure they put matters right.

On 18 November 2024, we received concerns that the childminder was not meeting requirements relating to **Suitable people**.

On 20 November 2024, we carried out a regulatory visit. We found the childminder was not meeting some of the requirements. We have issued actions for the childminder to take below within the timescales set out. The childminder will be able to give parents further information about this. The childminder is still registered with Ofsted.

Actions needed by 29 November 2024:

- ensure that any person who may have regular contact with children (for example, someone living or working on the same premises where the childminding is being provided), must also be suitable
- improve your knowledge of the changes that must be notified to Ofsted.

We will monitor the childminder's response to ensure the actions are successfully completed.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
