

Compliance action taken for childcare provision

Ref: EY221814/4875884

Date: 15 September 2021

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 24 August 2021, we received concerns that the provider was not meeting some of these requirements.

On 27 August 2021, we carried out a regulatory telephone call. We found the provider was not meeting one of the requirements. We issued an action for the provider to take. The provider will be able to give parents further information about this.

Action needed by 17 September 2021:

- maintain a full and current paediatric first aid qualification, as required.

On 15 September 2021, the provider informed us that they have renewed their paediatric first aid training. We are satisfied the provider has met the safeguarding and welfare action raised. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
