

Compliance action taken for childcare provision

Ref: EY242050/6226167

Date: 13 March 2026

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 24 January 2026, the provider notified us about matters relating to safety and suitability of premises, environment and equipment, staff: child ratios, health and changes that must be notified to Ofsted. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage.

On 19 February 2026, we carried out a regulatory telephone call. We found the provider was not meeting some of the requirements. We have issued an action for the provider to take.

Action needed by 13 March 2026:

- ensure that risk assessment is effective, and that staff are trained to understand their roles and responsibilities to identify and manage risks to keep children safe.

On 10 March 2026, the provider responded to the action set. We found that the provider had ensured that all staff have undertaken risk assessment refresher training. Additionally, leaders complete regular spot checks of their risk assessment procedures to ensure they are being rigorously applied. This ensures that all staff understand their roles and responsibilities to keep children safe. We are satisfied that the provider has met the safeguarding and welfare actions raised. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
