

Complaint about childcare provision

Ref: EY252657/6140953

Date: 17 November 2025

Summary of outcome

All early years providers must meet the legal requirements in the 'Statutory framework for the early years foundation stage', which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 3 September 2025, the provider notified us of concerns about staff: child ratios and safety and suitability of premises, environment and equipment. The notification means that the provider met their legal responsibility as set out in the 'Statutory framework for the early years foundation stage' to notify Ofsted of significant events.

On 13 November 2025, we carried out a regulatory telephone call. We found the provider was not meeting some of the requirements and had taken action to put this right. The provider has improved the risk assessments for outings. These now take into consideration the different needs of the children attending. This helps to keep children safe.

The provider will be able to give parents further information about this. The provider is still registered with Ofsted.
