

Complaint about childcare provision

Ref: EY263384/6397363

Date: 22 June 2026

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 15 May 2026, we received concerns that the provider was not meeting requirements relating to concerns about children's safety and welfare, supporting and understanding children's behaviour, safety on outings, staff:child ratios and suitable people.

On 5 June 2026, we carried out a regulatory visit. We found the provider was not meeting some of the requirements. We have served a welfare requirements notice. This is a legal notice that requires the provider to take the actions below within the timescales set out. The provider will be able to give parents further information about this.

Actions needed by 29 June 2026:

- be alert to any issues of concern in a child's life at home or elsewhere
- ensure you meet your responsibility to refer any concerns when another childminder does not continually meet the requirements of registration
- model and promote positive behaviour management to ensure that all children you come into contact with are kept safe
- develop a clear understanding of your roles and responsibilities to ensure all children are safe.

On 29 June 2026, we carried out a regulatory visit. The focus of the visit was to check whether the provider had met the safeguarding and welfare actions raised at their last regulatory event. We found that the provider had enhanced their knowledge and understanding of child protection procedures. The provider had reflected, and recognised their role as a professional to ensure that all children are safe.

We are satisfied the provider has met the safeguarding and welfare actions raised. The provider is still registered with Ofsted.
