

Compliance action taken for childcare provision

Ref: EY267740/5685374

Date: 27 August 2024

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 15 March 2024, we carried out an inspection and found the provider was not meeting some of these requirements. The overall effectiveness of the provision was judged to be not met. The inspection report sets out the actions the provider was required to take to meet the requirements.

On 28 March 2024, we carried out a regulatory visit. The focus of the visit was to check whether the provider had met the safeguarding and welfare actions raised at their last inspection.

We found that the provider had improved their knowledge and understanding of child protection procedures and updated their own policies and procedures. We found that the provider had taken steps to ensure that all household members were checked by Ofsted. The provider had booked on to a paediatric first aid training course. We also found that the provider had taken steps to ensure that the premises were safe and secure.

The information gathered suggests that the provider is now meeting the requirements of their registration. We are satisfied the provider has met the safeguarding and welfare actions raised. The provider is still registered with Ofsted.
