

Compliance action taken for childcare provision

Ref: EY268852/6386725

Date: 28 May 2026

Summary of outcome

All early years providers must meet the legal requirements in the 'Statutory framework for the early years foundation stage', which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 7 May 2026, the provider notified us about matters relating to staff:child ratios, safety and suitability of premises, environment equipment, safeguarding policies and procedures and training and skills. The notification means that the provider met their legal responsibility as set out in the 'Statutory framework for the early years foundation stage' to notify Ofsted of a significant event.

On 21 May 2026, we carried out a regulatory telephone call. We found that the provider was not meeting one of the requirements and had taken action to put this right. Leaders have reviewed and strengthened their procedures for transitioning children around the building safely. This includes completing additional head counts during transitional periods and moving smaller groups of children at one time. Furthermore, leaders have provided training for staff to strengthen staff knowledge of the transition procedures to be used to ensure children's safety.

The provider will be able to give parents further information about this.

The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
