

Compliance action taken for childcare provision

Ref: EY284577/5830254

Date: 25 September 2024

Summary of outcome

All early years providers must meet the legal requirements in the [Statutory framework for the early years foundation stage](#). If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right. On 17 September 2024, we received concerns that this provider was not meeting some of these requirements.

We carried out a regulatory visit on 18 September 2024 and found that the provider was not meeting several requirements. We have served a welfare requirements notice. This is a legal notice that requires the provider to take the actions below within the timescales set out.

Action required by 10 October 2024:

- take all reasonable steps to ensure that children are not exposed to risks and demonstrate how risks are managed to keep children safe
- ensure that Ofsted is notified of any changes to the premises which may affect the space available to children and the quality of care available to them
- ensure that there are adequate toilets available to meet the needs of children who attend and that there are suitable, hygienic changing facilities for children in nappies.

We carried out an inspection on 16 October 2024 and found that the actions above had been successfully completed. Further information on the outcome of the inspection can be found on the inspection report once it has been published.

The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
