

Inspection report for early years provision

Unique reference number	EY285401
Inspection date	02/04/2009
Inspector	Carolyn Mary Hasler
Type of setting	Childminder

Introduction

This inspection was carried out by Ofsted under Sections 49 and 50 of the Childcare Act 2006 on the quality and standards of the registered early years provision. 'Early years provision' refers to provision regulated by Ofsted for children from birth to 31 August following their fifth birthday (the early years age group). The registered person must ensure that this provision complies with the statutory framework for children's learning, development and welfare, known as the *Early Years Foundation Stage*.

The report includes information on any complaints about the childcare provision which Ofsted has received since the last inspection or registration whichever is the later, which require Ofsted or the provider to take action in Annex C.

The provider must provide a copy of this report to all parents with children at the setting where reasonably practicable. The provider must provide a copy of the report to any other person who asks for one, but may charge a fee for this service (The Childcare (Inspection) Regulations 2008 regulations 9 and 10).

Children only attend this setting before and/or after the school day and/or during the school holidays. The judgements in this report reflect the quality of early years provision offered to children during those periods.

The setting also makes provision for children older than the early years age group which is registered on the voluntary and/or compulsory part(s) of the Childcare Register. This report does not include an evaluation of that provision, but a comment about compliance with the requirements of the Childcare Register is included in Annex B.

There were no children on roll when this inspection took place. The findings in this report are based on evidence gathered from discussions with those who care for the children and an inspection of the premises, equipment and relevant documentation. Where there are no children on roll, no judgement is made on the quality of the early years provision as there is no reliable evidence on which to assess its impact on children. The report states if the provider continues to meet the requirements of registration.

Description of the childminding

The childminder was registered in 2004. She lives with her husband and two children aged six and eight years in the London Borough of Enfield. The childminder uses the ground floor of the premises for childminding purposes. There is a secure outdoor area for outside play.

The childminder is registered to care for a maximum of three children under eight years at any one time, of whom no more than three may be in the early years age range. She is currently not minding any children in this age group, she also offers care to children aged five years to 11 years. This provision is registered by Ofsted on the compulsory and voluntary parts of the Childcare Register.

The childminder takes and collects children from local schools.

Overall effectiveness of the early years provision

The overall effectiveness of this setting is met. The childminder is beginning to consider how to plan for children's individual learning and development needs and is able to verbally demonstrate a sound understanding of how to support children's welfare needs. There is a growing awareness of how to self evaluate her service and clear plans in her personal development to complete a number of courses. This demonstrates her commitment to maintain continuous improvement.

Compliance with registration requirements

The registered person continues to meet the requirements of registration.
