

Compliance action taken for childcare provision

Ref: EY286105/6199642

Date: 1 December 2025

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 03 November 2025, the provider notified us about matters relating to staff: child ratios. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of an incident regarding appropriate supervision of children.

On 01 December 2025, we carried out a regulatory telephone call. We found the provider was not meeting some of the requirements and had taken action to put this right. The provider failed to notify Ofsted within 14 days of a breach to requirements regarding appropriate supervision of children. The provider had since improved their knowledge of when to report to Ofsted. The provider had taken appropriate action following an incident where a child was left unsupervised in the garden. The provider had ensured that all staff completed further training on following the correct procedures for supervising children and how to continually monitor that children are in sight and hearing of staff, in particular during transitional times of the day.

The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
