

Compliance action taken for childcare provision

Ref: EY286531/5167473

Date: 18 July 2022

Summary of outcome

Her Majesty's Chief Inspector of Education, Children's Services and Skills is leading Ofsted's work into how regulated early years and childcare providers in England have delivered child-centred practice and care, within the context of the restrictions placed on society during the COVID-19 (coronavirus) pandemic.

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 18 May 2022, we received concerns that the provider was not meeting some of these requirements. On 18 July 2022, we carried out a regulatory telephone call. We found the provider had failed to comply with the requirement to notify Ofsted of a significant event. We have issued an action for the provider to take that requires the provider to take the action below within the timescale set out. The provider will be able to give parents further information about this.

Action needed by 5 August 2022.

- improve knowledge and understanding about changes that must be notified to Ofsted and within what time frame

The childminder has responded satisfactorily to the action. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
