

Compliance action taken for childcare provision

Ref: EY286822/6342634

Date: 6 May 2026

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 23 March 2026 the provider notified us about matters relating to suitable people and safeguarding policies and procedures. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of any significant event which is likely to affect the suitability of any person who is in regular contact with children on the premises where childcare is provided.

On 24 April 2026, we carried out a regulatory telephone call. We found the provider was not meeting some of the requirements. We have issued actions for the provider to take. The provider will be able to give parents further information about this.

Actions needed by 8 May 2026:

- ensure leaders have the knowledge and skills required to manage allegations against staff in a timely and effective manner
- review whistleblowing procedures to ensure that staff feel able to escalate concerns about poor or unsafe practice to the relevant agencies.

On 5 May 2026, the provider responded to the actions set. We found that the provider had improved the knowledge and skills required to manage allegations against staff, helping to safeguard children from harm. The provider had reinforced whistle blowing procedures to ensure all that staff feel able to escalate concerns about poor or unsafe practice to the relevant agencies, supporting timely action to protect children. We are satisfied the provider has met the safeguarding and welfare actions raised. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our

responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
