

Compliance action taken for childcare provision

Ref: EY308187/5957698

Date: 6 March 2025

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 12 February 2025, we received concerns that the provider was not meeting requirements for suitable people (including disqualification, staff taking medication/other substances, smoking and vaping). On 20 February 2025, we carried out a regulatory telephone call, followed by a regulatory visit on 4 March 2025. We found that the provider had identified gaps in their procedures and had taken appropriate steps to put matters right.

The provider remains registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.

For further information please read the Early years compliance handbook which can be found here at www.gov.uk/government/publications/early-years-provider-non-compliance-action-by-ofsted.
