

Compliance action taken for childcare provision

Ref: EY311276/5861285

Date: 27 November 2024

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework-2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 16 September 2024, we received concerns that the provider was not meeting requirements relating to safeguarding policies and procedures. The provider has not met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of new people living in the home where childminding takes place.

On 13 November, we carried out a regulatory telephone call. We found the provider was in the process of informing Ofsted about new people living in the home. This is so suitability checks can be carried out. Ofsted will monitor that this is done.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.

For further information please read the Early years compliance handbook which can be found here at www.gov.uk/government/publications/early-years-provider-non-compliance-action-by-ofsted.
