

Compliance action taken for childcare provision

Ref: EY311629/5689492

Date: 12 April 2024

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 26 February 2024, we carried out an inspection and found the provider was not meeting some of these requirements. The overall effectiveness of the provision was judged to be inadequate. The inspection report sets out the actions the provider was required to take to meet the requirements.

We have served a welfare requirements notice. This is a legal notice that requires the provider to take the actions below within the timescales set out. The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

Actions needed by 8 April 2024:

- ensure the premises, including overall floor space are fit for purpose, suitable for the age of children cared for and comply with requirements of health and safety legislation, including fire safety and hygiene requirements
- ensure risk assessments identify aspects of the environment that need to be checked on a regular basis, when and by whom those aspects will be checked, and how the risk will be removed or minimised
- ensure there is an adequate number of hand basins available to safely meet the needs of all minded children

We will monitor the provider's response to ensure the actions are successfully completed.

We are satisfied the provider has met the safeguarding and welfare actions raised. The provider is still registered with Ofsted.
