

Compliance action taken for childcare provision

Ref: EY318863/5918913

Date: 25 February 2025

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 2 January 2025, we received concerns that the provider was not meeting requirements relating to suitable People.

On 19 February 2025, we carried out a regulatory telephone call. We found the provider was not meeting some of the requirements and had taken action to put this right. We found that the provider had instigated the required checks to allow Ofsted to check the suitability of a proposed assistant. This means that the assistant is now deemed suitable to work and be in regular contact with children.

The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.

For further information please read the Early years compliance handbook which can be found here at www.gov.uk/government/publications/early-years-provider-non-compliance-action-by-ofsted.
