

## **Compliance action taken for childcare provision**

Ref: EY319186/6280668

Date: 18 March 2026

### **Summary of outcome**

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at [www.gov.uk/government/publications/early-years-foundation-stage-framework--2](http://www.gov.uk/government/publications/early-years-foundation-stage-framework--2). If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 26 January 2026, we received concerns that the provider was not meeting requirements relating to accident and injury and sharing information with parents and carers.

On 19 February 2026, we carried out a regulatory visit. We found the provider was not meeting some of the requirements and had taken action to put this right.

The provider has completed paediatric first aid training and understands this is always required. Furthermore, paediatric first aid certificates are available to parents on request.

The provider will be able to give parents further information about this.

The provider is still registered with Ofsted.

### **Publication of compliance action**

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
