

## **Compliance action taken for childcare provision**

Ref: EY338602/6294081

Date: 11 February 2026

### **Summary of outcome**

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at [www.gov.uk/government/publications/early-years-foundation-stage-framework--2](http://www.gov.uk/government/publications/early-years-foundation-stage-framework--2). If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 11 December 2025, we carried out an inspection and found the provider was not meeting some of these requirements.

The report card and inspection outcome will be published in due course. Following the inspection, we served a welfare requirements notice on 11 February 2026. This is a legal notice that requires the provider to take the actions below within the timescales set out. The provider will be able to give parents further information about this. Actions needed by 31 December 2026:

- ensure any assistants have been deemed as 'suitable' by Ofsted before including them in child:staff ratios
- ensure staff have sufficient English to meet children's needs and ensure their well-being
- ensure any assistants have the required safeguarding knowledge, understand the safeguarding policies and procedures, including those around whistleblowing.

On 5 February 2026, we received concerns that the provider was not meeting requirements relating to Safety and suitability of premises, environment and equipment.

On 5 February 2026, we carried out a regulatory telephone call. The focus of the call/visit was to discuss concerns and check whether the provider had met the safeguarding and

welfare actions, raised at their last inspection. We found that the provider had not met the actions in the welfare requirements notice

We suspended the provider's registration on 5 February 2026 because we believe children may be at risk of harm. Suspension allows time for the provider to take steps to reduce or eliminate the risk of harm to children. The provider has a right to appeal against a suspension. The provider may not provide childcare for which registration is required while the suspension is in place and may commit an offence if they do so.

### **Publication of compliance action**

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
