

Compliance action taken for childcare provision

Ref: EY339849/6242471

Date: 2 February 2026

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 12 December 2025, the provider notified us about matters relating to concerns about children's safety and welfare. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of matters affecting the welfare and wellbeing of children. On 12 January 2026, we also received concerns that the provider was not meeting requirements relating to health and children's safety and welfare.

On 2 February 2026, we carried out a regulatory telephone call. We found the provider was not meeting some of the requirements and had taken action to put this right. The provider had strengthened the systems for managing allergies and had updated dietary records, introducing additional checks at every meal and delivering allergen training to all staff. The provider has improved leadership oversight during mealtimes. In addition, during the regulatory telephone call we also identified that the provider had failed to notify Ofsted of a significant event relating suitable people.

The provider will be able to give parents further information about this. The provider is still registered with Ofsted

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
