

Compliance action taken for childcare provision

Ref: EY357805/6366034

Date: 26 June 2026

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 11 March 2026, we received concerns that the provider was not meeting requirements relating to health.

On 11 and 15 June 2026, we carried out regulatory telephone calls. We found the provider was not meeting one of the requirements and had taken action to put this right. The provider has strengthened the systems and practices regarding the supply and administration procedures in relation to prescribed and non-prescribed medication. This will further promote children's good health.

The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.

For further information please read the Early years compliance handbook which can be found here at www.gov.uk/government/publications/early-years-provider-non-compliance-action-by-ofsted.
