

Compliance action taken for childcare provision

Ref: EY361168/6299553

Date: 21 May 2026

Summary of outcome

All early years providers must meet the legal requirements in the 'Statutory framework for the early years foundation stage', which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 10 February 2026, the provider notified us about matters relating to safeguarding policies and procedures, concerns about children's safety and welfare, safeguarding training and accident or injury. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of a significant event that may effect someone's suitability to care for children.

On 18 May 2026, we carried out a regulatory visit. We found the provider was not meeting some of the requirements and had taken action to put this right. We found that the provider has ensured that all staff have accessed training to enable them to identify any concerns about children's safety or welfare. They have provided staff with safeguarding training to help ensure that they understand the procedures to follow in the event of a concern and how to escalate any safeguarding concerns, if needed. The provider has updated their systems used to record existing injuries to children. They have ensured that staff know how to record these accurately and precisely and leaders monitor records closely in order to help to keep children safe.

The provider will be able to give parents further information about this.

The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
