

Compliance action taken for childcare provision

Ref: EY363250/6165481

Date: 1 October 2025

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 29 September 2025, the provider made a notification to us in relation to Suitable people. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage.

On 1 October 2025, we carried out an unannounced regulatory visit. We found the provider had not notified Ofsted of a change to health related to a household member which is a requirement of registration. The provider now has a secure understanding of what to notify Ofsted of.

The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.

For further information please read the Early years compliance handbook which can be found here at www.gov.uk/government/publications/early-years-provider-non-compliance-action-by-ofsted.
