

Compliance action taken for childcare provision

Ref: EY364811/6119886

Date: 7 October 2025

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 25 July 2025, the provider notified us about matters relating to health, and safety and suitability of and premises, environment and equipment. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted when a child sustains an injury that requires medical attention.

On 29 July 2025, we received concerns that the provider was not meeting requirements relating to health, and information and record keeping.

On 7 October 2025, we carried out a regulatory telephone call. We found the provider was not meeting some of the requirements and had taken action to put this right. The provider had reviewed and tightened their risk assessment for the safe storage of equipment and children's access to this. The provider had also refreshed staff's training on how they must gather important information about children's dietary needs before children are enrolled, and then act on this to ensure children are only served foods that they can eat.

On 22 October, we carried out a second regulatory call. We found that the provider had not notified Ofsted of a significant event that is likely to affect the suitability of someone who cares for children.

The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.

For further information please read the Early years compliance handbook which can be found here at www.gov.uk/government/publications/early-years-provider-non-compliance-action-by-ofsted.
