

Complaint about childcare provision

Ref: EY365014/6311879

Date: 29 April 2026

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 24 February 2026, the provider notified us about matters relating to safeguarding policies and procedures and suitable people. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of any significant event which is likely to affect the suitability of the early years provider to look after children.

On 23 April 2026, we carried out a regulatory telephone call. We found the provider was not meeting some of the requirements and had taken action to put this right. The provider has improved leaders' and staff knowledge and understanding of the safeguarding procedures to follow in the event of an allegation being made against a member of staff. This means that any allegations against staff, will be acted upon, and reported to relevant agencies in a timely way to ensure children are kept safe.

The provider will be able to give parents further information about this. The provider is still registered with Ofsted.
