

Complaint about childcare provision

Ref: EY367927/6007865

Date: 28 May 2025

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 9 April 2025 we received information that the provider was not meeting some of these requirements. In addition, on 14 April 2025 the provider notified us that an allegation had been made. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of allegations.

On the 27 May 2025 we carried out a regulatory telephone call. We found the provider was not meeting some of the requirements and had taken action to put this right. She has updated her safeguarding training and is aware of when she should report concerns about children's safety and well-being in line with local safeguarding partnership policies and procedures.

The provider will be able to give parents further information about this. The provider is still registered with Ofsted.
