

Compliance action taken for childcare provision

Ref: EY379163/6141376

Date: 19 March 2026

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 3 September 2025, we received concerns that the provider was not meeting requirements relating to safeguarding policies and procedures, suitable people and changes that must be notified to Ofsted.

On 19 November 2025, we carried out a regulatory telephone call, we found that the provider had failed to notify Ofsted of significant events, which is a requirement of their registration. We found that the provider had improved their knowledge and understanding of significant events to notify.

On 14 January 2026, we received further concerns that the provider was not meeting requirements relating to safeguarding policies and procedures, suitable people and changes that must be notified to Ofsted.

On 3 March 2026, we carried out a regulatory visit, we found that the provider had failed to notify Ofsted of significant events, which is a requirement of their registration. We found that the provider had improved their knowledge and understanding of significant events to notify.

On 4 March 2026, the provider notified us about further matters relating to suitable people. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of significant events.

On 19 March 2026, we carried out a regulatory telephone call, we found that although the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of significant events, she did not notify within the required timescales. The provider had improved their knowledge and understanding of the timescales required and knows to notify Ofsted within 14 days of a significant event going forward.

The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.

For further information please read the Early years compliance handbook which can be found here at www.gov.uk/government/publications/early-years-provider-non-compliance-action-by-ofsted.
