

Compliance action taken for childcare provision

Ref: EY379463/6206064

Date: 3 December 2025

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 17 October 2025, the provider notified us about matters relating to safer eating. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of significant incident.

On 3 December 2025, we carried out a regulatory telephone call. We found the provider was not meeting some of the requirements and had taken action to put this right. The provider has completed a thorough internal investigation. They have sought guidance from relevant professionals and worked with other agencies to ensure practice aligns with children's needs. All staff received additional training on supporting children with medical and additional needs. Procedures were strengthened, including clearer communication of children's care requirements, visual reminders in rooms, and labelled provisions to ensure accurate administration of food and drink. This ensures children's medical and dietary needs are met safely and consistently.

The provider will be able to give parents further information about this. The provider is still registered with Ofsted

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
