

Compliance action taken for childcare provision

Ref: EY381946/5944149

Date: 4 February 2025

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundationstage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 28 January 2025, the provider notified us about a child being out of direct supervision for a short period of time- Staff: child ratios. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of any significant events.

On 4 February 2025, we carried out a regulatory visit. We found the provider was not meeting some of the requirements. The provider has however taken appropriate action to reduce the possibility of this happening again. She had considered her risk assessments while on outings and consider strategies to use in the future.

The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
