

Compliance action taken for childcare provision

Ref: EY392964/6320371

Date: 14 April 2026

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 2, 9 and 30 March 2026, the provider notified us about four matters relating to risk assessment, safeguarding policies and procedures, training and skills, supervision of staff, staff:child ratios, concerns about children's safety and welfare, accident or injury, information and record keeping and information about the child.

The notifications mean that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of any significant event which is likely to affect the suitability of the early years provider or any person who has regular contact with children, to care for children.

On 9 April 2026, we carried out a regulatory telephone call. We found the provider was not meeting some of the requirements and had taken action to put this right. The provider has increased their monitoring of staff practice to supervise children and has provided training in relation to risk assessment and areas of safeguarding to ensure an improved understanding of how to keep children safe in the environment, to remove or minimise the risks to children's safety. This helps to ensure that children are safe to attend. The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.

For further information please read the Early years compliance handbook which can be found here at www.gov.uk/government/publications/early-years-provider-non-compliance-action-by-ofsted.
