

Compliance action taken for childcare provision

Ref: EY393267/6176622

Date: 16 October 2025

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 10 October 2025, the provider notified us about matters relating to safeguarding policies and procedures and suitable people. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of a significant incident.

On 15 October 2025, we carried out a regulatory visit. We found the provider was not meeting one of the requirements. We have issued an action for the provider to take. The provider will be able to give parents further information about this.

Action needed by 29 October 2025:

- ensure safeguarding policies and procedures are robust, specifically what to do in the event of an allegation against a professional and how mobile phones, cameras and other electronic devices are used in the setting.

On 24 October 2025, the provider responded to the action set. We found that the provider had revised their safeguarding policies and procedures to ensure they meet requirements. There are clear procedures in place in the event of an allegation being made, in line with local safeguarding partnership guidance. In addition, the policy now includes the use of mobile phones, cameras and other electronic devices.

We are satisfied the provider has met the safeguarding and welfare action raised. The provider is still registered with Ofsted

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply

with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
