

Compliance action taken for childcare provision

Ref: EY394125/6225065

Date: 11 June 2026

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at

www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 16 February 2026 and 18 May 2026, the provider notified us about two incidents in relation to risk assessments. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of a significant event.

On 28 May 2026, we carried out a telephone regulatory call. During this call, we found the provider was not meeting some of the requirements and had taken action to put this right. We found that the provider had failed to ensure that robust risk assessments were in place and embedded. However, they have taken swift and appropriate action to improve their risk assessments. The provider has put measures in place, such as making adjustments to the environment, training for staff and removing specific resources from the environment. Ofsted are satisfied that the provider now fully understands their responsibility to carry out robust risk assessments.

The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.

For further information please read the Early years compliance handbook which can be found here at www.gov.uk/government/publications/early-years-provider-non-compliance-action-by-ofsted.
