

Compliance action taken for childcare provision

Ref: EY412715/5849816

Date: 18 December 2024

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 11 October 2024, the provider notified us of a significant event. The notification means that the provider met their legal responsibility as set out in the early years foundation stage welfare requirements to notify Ofsted of concerns about staff. On 10 and 16 December 2024, we carried out regulatory phone calls. We found the provider was not meeting some of the requirements. The provider had failed to notify the Local Safeguarding Children Partnership of the concern. We have issued an action letter. This requires the provider to take the action below within the timescales set out. The provider will be able to give parents further information about this.

Action needed by 24 January 2025:

- ensure that there are robust procedures in place to manage the ongoing suitability of staff.

On 7 February 2025 we carried out a regulatory visit. We found that the provider had improved the procedures to manage the ongoing suitability of staff. We are satisfied the provider has met the safeguarding and welfare action raised. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
