

Compliance action taken for childcare provision

Ref: EY413619/6307155

Date: 17 June 2026

Summary of outcome

All early years providers must meet the legal requirements in the 'Statutory framework for the early years foundation stage', which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 17 February 2026, the provider notified us about matters relating to staff: child ratios, safety and suitability of premises, environment and equipment, outdoor access and information and record keeping. The notification means that the provider met their legal responsibility as set out in the 'Statutory framework for the early years foundation stage' to notify Ofsted of a significant event.

On 16 June 2026, we carried out a regulatory visit. We found the provider was not meeting some of the requirements and had taken action to put this right. The provider has improved the safety of the premises. Extra fences and gates have been fitted in the outdoor garden area. The risk assessment procedures were reviewed and shared with staff to implement extra measures regarding safety around the garden gate. Leaders carry out spot checks and monitor the gate at collection times to ensure the safety of children.

The provider will be able to give parents further information about this.

The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
