

Compliance action taken for childcare provision

Ref: EY416628/5823824

Date: 13 September 2024

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 6 September 2024, we received concerns that the provider was not meeting requirements relating to Safeguarding policies and procedures.

On 6 September 2024, during a visit we found the provider was not meeting some of the requirements and had taken action to put this right. The provider is now clear about the safeguarding policies and procedures to follow when there are concerns about children's safety and welfare. This ensures that, if needed, action can be taken straight away to safeguard children by other agencies.

The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.

For further information please read the Early years compliance handbook which can be found here at www.gov.uk/government/publications/early-years-provider-non-compliance-action-by-ofsted.
