

Compliance action taken for childcare provision

Ref: EY417951/5868792

Date: 20 December 2024

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 1 November 2024, the provider notified us about concerns relating to the requirements. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted. On 12 November 2024, we received concerns that the provider was not meeting requirements relating to suitable people and safety and suitability of premises, environment, and equipment.

On 12 December 2024, we carried out a regulatory visit. We found the provider had failed to notify Ofsted of a significant event, which is a requirement of their registration. We found that they were not meeting one of the requirements, however, they had taken action to put this right. The provider had reviewed and improved their procedures for meeting the needs of children with food intolerances. The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
