

## **Compliance action taken for childcare provision**

Ref: EY422257/6159681

Date: 19 December 2025

### **Summary of outcome**

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at [www.gov.uk/government/publications/early-years-foundation-stage-framework--2](http://www.gov.uk/government/publications/early-years-foundation-stage-framework--2).

If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 23 September 2025, the provider notified us about matters relating to whistleblowing. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of a significant event.

On 18 November 2025, we carried out a regulatory telephone call and on 12 December 2025 we carried out a regulatory visit. We found the provider was not meeting some of the requirements.

We have served a welfare requirements notice. This is a legal notice that requires the provider to take the actions below within the timescales set out. The provider will be able to give parents further information about this.

Actions needed by 15 December 2025:

- ensure all leaders and staff, including the designated safeguarding lead have a secure knowledge and understanding of safeguarding procedures, including how to identify, respond and act on concerns about children's welfare
- improve procedures for gathering and maintaining information regarding children and their families and any involvement with other professionals.

On 19 December 2025, we carried out a regulatory telephone call. The focus of the call was to check whether the provider had met the safeguarding and welfare actions, raised at their last regulatory event.

We found that the provider has ensured that leaders and staff have been reminded of the safeguarding procedures. They have had training around acting on information regarding children's safety and welfare. The provider has developed their processes for gathering and monitoring information regarding children's safety and care. We are satisfied the provider has met the safeguarding and welfare actions raised. The provider is still registered with

Ofsted.

## **Publication of compliance action**

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
