

Compliance action taken for childcare provision

Ref: EY426691/6146957

Date: 24 September 2025

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 9 September 2025, we carried out an inspection and found the provider was not meeting some of these requirements.

The report and inspection outcome will be published in due course. Following the inspection, we served a welfare requirements notice on 10 September 2025. This is a legal notice that requires the provider to take the actions below within the timescales set out. The provider will be able to give parents further information about this.

Actions needed by 19 September 2025:

- improve knowledge of how to assess and reduce risks, and implement robust risk assessments to ensure children's safety and well-being at all times
- develop an understanding of how to support and manage children's behaviour effectively
- implement an effective policy and procedure for the administration of medication
- implement an effective safeguarding policy to monitor children's well-being and keep children safe from harm

On 24 September 2025, we carried out a regulatory visit. The focus of the visit was to check whether the provider had met the safeguarding and welfare actions raised at their last inspection. We found that the provider had improved their knowledge and understanding of

how to assess risk and minimise potential hazards to keep children safe. The provider has developed a better understanding of how to manage children's behaviour. They have implemented effective safeguarding and medication policies and procedures to keep children safe from harm.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.

For further information please read the Early years compliance handbook which can be found here at www.gov.uk/government/publications/early-years-provider-non-compliance-action-by-ofsted.
