

Compliance action taken for childcare provision

Ref: EY427124/6170222

Date: 7 October 2025

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 3 October 2025, the provider notified us about matters relating to safety of premises and staff: child ratio. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of any significant event which is likely to affect the suitability of the early years provider to look after children.

On 6 October 2025, we carried out a regulatory telephone call with the provider. We found the provider was not meeting some of the requirements and had taken action to put this right. The provider has implemented a headcount system to ensure all staff are aware of which children are with which staff at any given time. In addition, the provider has added additional gates a door alarms to specific areas to ensure children can not gain access to areas without a staff members support. All staff have been helped to understand the importance of ensuring the premises are safe and suitable for children. This ensures children remain safe within the setting.

The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
