

Compliance action taken for childcare provision

Ref: EY427124/6186349

Date: 25 February 2026

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 20 October 2025 the provider notified us about matters relating to health. On 30 January 2026 the provider made a further notification to us about safety and suitability of premises, environment and equipment. The notifications means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage.

On 25 February 2026 we carried out a regulatory telephone call. We found the provider was not meeting some of the requirements and had taken action to put this right. The provider has now reviewed their procedures for making sure food provided meets the requirements of all children. They have also reviewed their risk assessment procedures and ensure all areas of the nursery are safe for children.

The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.

For further information please read the Early years compliance handbook which can be found here at www.gov.uk/government/publications/early-years-provider-non-compliance-action-by-ofsted.
