

Compliance action taken for childcare provision

Ref: EY427147/5660372

Date: 31 July 2024

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2.

If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 12 February 2024, the provider notified us about significant event, this notification was not made within the required timescales.

On 15 February 2024, we also received concerns that the provider was not meeting some of the requirements.

On 16 February 2024 we carried out a regulatory telephone call to the provider, and on 15 March and 13 May we carried out regulatory visits to the provider. We found the provider was not meeting some of the requirements and has since taken action to put this right. The provider has improved her safeguarding knowledge, and now has a better understanding of her responsibilities to notify Ofsted about significant events. She has introduced new procedures to ensure that household members have the appropriate suitability checks carried out.

The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.

For further information please read the Early years compliance handbook which can be
