

Compliance action taken for childcare provision

Ref: EY427511/6048192

Date: 1 April 2026

Summary of outcome

All early years providers must meet the legal requirements in the 'Statutory framework for the early years foundation stage', which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 16 May 2025, the provider notified us about matters relating to suitable people. The notification means that the provider met their legal responsibility as set out in the 'Statutory framework for the early years foundation stage' to notify Ofsted of significant events.

On 7 August 2025, we carried out a regulatory visit. We found the provider was not meeting some of the requirements. We have served a welfare requirements notice. This is a legal notice that requires the provider to take the actions below within the timescales set out.

Actions needed by 22 August 2025:

- work together more effectively to always ensure the safety and well-being of children
- ensure records are maintained in a confidential and secure manner.

On 26 August 2025, we carried out a regulatory visit. The focus of this visit was to check whether the provider had met the safeguarding and welfare actions. We found that the provider had reviewed their arrangements for information sharing and the secure storage of records. Staff have received training and policies have been reviewed. There are now robust and consistent procedures in place to ensure the safety and wellbeing of children. We are satisfied the provider has met the safeguarding and welfare actions raised.

On 31 March 2026, we carried out a regulatory telephone call. We found the provider had failed to notify Ofsted of a significant event, which is a requirement of their registration. The provider will be able to give parents further information about this.

The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our

responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
