

Compliance action taken for childcare provision

Ref: EY428782/5360253

Date: 30 June 2023

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 27 January 2023, we received concerns that the provider was not meeting some of these requirements.

On 15 June 2023, we carried out a regulatory monitoring visit and found the provider was not meeting some of these requirements. Following the visit we served a welfare requirements notice. This is a legal notice that requires the provider to take the actions below within the timescales set out. The provider will be able to give parents further information about this.

Actions needed by 21 June 2023:

¿ ensure safeguarding policies and procedures are in line with the guidance and procedures of the relevant local safeguarding partners.

On 27 June 2023, we undertook a welfare requirements monitoring phone call to the provider. The provider has now ensured their safeguarding policy and procedure is in line with the relevant local safeguarding partners. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
