

Compliance action taken for childcare provision

Ref: EY431182/6072066

Date: 4 September 2025

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 17 June 2025, the provider notified us about matters relating to changes that must be notified to Ofsted or the relevant childminder agency (CMA) and suitable people.

On 4 September 2025, we carried out a regulatory visit. We found the provider was not meeting some of the requirements and had taken action to put this right. The provider had improved their understanding of the requirements in relation to making notifications within the statutory timeframes, and has suitable risk assessments in place to ensure the ongoing safety and well-being of minded children. In addition, the provider understands the need to keep Ofsted updated with any future changes which are likely to affect the suitability of any person who cares for/is in regular contact with children on the premises.

The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
