

Compliance action taken for childcare provision

Ref: EY432774/5865502

Date: 7 November 2024

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

On 30 October 2024, the provider notified us about the EYFS requirement for health. The notification means that the provider met their legal responsibility as set out in the Statutory framework for the early years foundation stage to notify Ofsted of a significant event.

On 6 November 2024, we carried out a regulatory telephone call. We found the provider was not meeting one of the requirements. We issued actions for the provider to take. The provider will be able to give parents further information about this.

Actions needed by 20 November 2024:

- improve processes and procedures for medicines, with a particular emphasis on medication for children with specific allergies and health conditions

- obtain full and factual information about any special dietary requirements, preferences, and food allergies that the child has, and any special health requirements, and adhere to this at all times.

On 10 November 2024, the provider responded to the actions set. We found that the provider had taken steps to improve their knowledge and understanding of procedures to support and promote children's health. We are satisfied the provider has met the

safeguarding and welfare actions raised. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.
