

Compliance action taken for childcare provision

Ref: EY437933/5384036

Date: 3 March 2023

Summary of outcome

All early years providers must meet the legal requirements in the Statutory framework for the early years foundation stage, which you can find at www.gov.uk/government/publications/early-years-foundation-stage-framework--2. If we find that a provider is not meeting the requirements, we can take action to ensure they put matters right.

As part of the process to assess the suitability of household members and those who work with children, we received information from another agency and on 2 March 2023, we carried out a regulatory telephone call with the provider. We found that the provider has failed to notify Ofsted of a significant event which is likely to affect the suitability of any person who is in regular contact with children on the premises where childcare is provided. The provider is now aware of what must be notified to Ofsted.

The provider will be able to give parents further information about this. The provider is still registered with Ofsted.

Publication of compliance action

We aim to ensure that the welfare of children and young people is protected in the services we regulate. The Childcare Act 2006 and accompanying regulations set out our responsibilities to regulate childminders and childcare providers. This includes the enforcement powers we have in relation to those registered providers who do not comply with the requirements for registration.

We publish details of any actions we take, or the childminder or childcare provider takes to bring about compliance with requirements on our website for a period of five years.

For further information please read the Early years compliance handbook which can be found here at www.gov.uk/government/publications/early-years-provider-non-compliance-action-by-ofsted.
